Sir:

In response to the Office Action dated May 17, 2006, please consider the remarks as submitted herewith on the accompanying pages.

REMARKS

Claims 1-10 are all the claims pending in the application.

Claims 1-6 and 9 are allowed. Claim 10 stands objected to as being dependent on a rejected base claim, but would be allowable if rewritten in independent form. Applicant respectfully submits that such rewriting is unnecessary in light of the following discussion.

Claims 7 and 8 stand rejected on the ground of non-statutory obviousness-type double patenting as being unpatentable over claims 6 and 7, respectively, of U.S. Patent No. 6,529,528. Applicant herewith submits a terminal disclaimer, and respectfully requests that claims 7 and 8 be allowed.
